

YOUR PRESENT POSITION IS
TEMPORARY, YOUR FUTURE IS
APPROACHING AND YOU HAVE A
BRIEF OPPORTUNITY TO PREPARE
FOR WHAT IS COMING

THE AUDIT IS COMING

We tend to think like owners.
Jesus tells us to think like managers.

“The earth is the Lord’s, and everything in it”
declares Psalm 24:1

THE OPPORTUNITY IS BRIEF

His present situation would not last, his future was approaching, and his opportunity to act was limited.

THE OPPORTUNITY IS BRIEF

- We can be strategic about careers and careless about character.
- We can manage investments carefully and neglect generosity.
- We can plan for retirement while barely considering resurrection.

THE OPPORTUNITY IS BRIEF

- We can research a purchase for months and give little thought to advancing God's work.

Money is powerful, but its power expires. Use temporary wealth for eternal good.

THE SMALL TEST REVEALS THE HEART

Money is a test.
The way we handle it reveals
our character.

THE CHOICE IS FINAL

- How do we know which master we serve?
- When obedience to God threatens our financial comfort, whose voice wins?
- When integrity costs us profit, which master wins?
- When generosity disrupts our lifestyle, which master wins?
- When advancement requires sacrificing worship, family, or conscience, which master wins?

THE CHOICE IS FINAL

- When God says, "Give" and money says, "Keep", which master wins?
- When God says, "Trust Me" and money says, "You need more to be secure", which master wins?

When God is worshipped, money becomes a tool. When money is worshipped, God becomes a tool.
